

Respect, Responsibility and Safety

PBS stands for Positive Behavior Support. It is a program designed to teach respect, responsibility, and safety at school. We at Central Middle School hope to encourage students to always make good behavioral

choices by implementing this program. PBS provides teachers and other school staff with information to help prevent behavior problems and help make school a safe learning environment.

Research shows that the use of PBS in schools has resulted in increased time for instruction. In addition, it increases positive behaviors school wide, therefore decreasing disruptive behaviors.
